

# ICPI PaverPAC

\*\*\*\*\*

**Yes, I want to contribute** because I care about our industry, our livelihood and most importantly about the future.

**PaverPAC supports candidates who share our vision to:**

- 1) Recognize, support, and promote the “green” benefits of pavers in design and construction
- 2) **Grow paver sales by reducing “barriers to adoption”** by all levels of government
- 3) **Resist onerous labor laws and regulations** that inhibit operations and growth
- 4) **Oppose regulations that limit the use of concrete paving products**

Sign me up for the ICPI PaverPAC Reception on Thursday, February 18, 2021 from 4:30 to 5:00pm ET
